EXPERIENCE

ABOUT US

It all started with a simple idea . . .

If students have fun, they'll learn more and perform better. Much better, it turns out.

In 2016, Vivek and Ayush decided to make a CLAT test prep company founded on two principles. They were fed up with expensive CLAT prep classes and mediocre teaching. So, they figured out how to master the CLAT, and created Legalight to share their strategies with you. They wanted to make their classes and materials interesting enough that students would actually enjoy studying, and they wanted to make a company for which they'd want to work.

THUS, LEGALIGHT WAS BORN.

With an obsessive focus on quality, we have since turned down every opportunity to take outside investment. We believe we can stay truer to our original ethos and that our students are better off without owners that are only in it for the financial rewards. The only guiding principle for the original curriculum was "What would the ideal CLAT test prep course look like?" Nevertheless, every person that has joined our team has shared our "students first" philosophy. We love our jobs so much because we get to positively transform the lives of our students.

WHY LEGALIGHT ?

Engaging classes by India's best CLAT teachers

Online classes will be conducted 3 - 5 times a week by India's best CLAT teachers. These classes will help your concepts to be crystal clear. A regular routine is needed to finish the course on time.

Doubt Clearing Sessions

Your doubts will be resolved by Subject Experts during the class. Instant doubt resolution helps in understanding the topics thoroughly. Also, you can post your doubts on Ask a Doubt portal and it will be answered by Subject Matter Experts.

Personalised Mentoring by Personal Mentor

You will be guided by a personal mentor who will regularly check your performance. The mentor will guide you in following the program. Personal Mentor support is available 6 days a week from 10 AM - 8 PM.

All India Test Series

Mock Test Series & Sectional Tests helps a student compete and set a benchmark against competitors of the examination. Each test is followed by detailed discussion and analysis to help you identify the gaps in your preparation. A detailed report of performance is also shared with the student and guardian.
